Dave,

As we discussed earlier, I've attached some draft language that incorporates some language from the Forest Service revisions to the special use permit. I've also attached the Forest service's proposed revisions to their special use permit. Tom Lloyd e-mailed it to me shortly after I spoke with you. Take a look and let me know what you think. If these two documents don't cause you undo heartburn, we might be past this particular hurdle.

Give me a call when you get a chance and let me know if you're o.k. with where this is going.

thanks,
Steve
